

ST80V

V-Bin Wheeled Stacker

The McCloskey™ 36" x 80' Stacker has been designed for high capacity stockpiling operations. All units come as standard with diesel power units, hydraulic main lift and hydraulic top fold. Electric and dual power are available as options based on the best application for the customer's business.

This heavy-duty mobile stacker has a setback axle and 22.5 degree max conveyor angle allowing for the highest stockpiles per conveyor length in the industry. With its durable truss frame, large feed hopper and production capacity up to 500 TPH, the McCloskey ST80 stacks up well above the competition.
